EPSON®
EXCEED YOUR VISION

LABELWORKS™
LW-600P Portable Label Printer

HDMI

Smartphone not included.

Bluetooth®

Print labels smarter.

Smart label printing — use your iOS® or Android™ smartphone or tablet via Bluetooth®

Print on the go — compact and battery operated[1]; also includes an AC adapter

Easy — built-in automatic cutter enables you to quickly print multiple labels

Choose your size — adhesive labels ~1/4" (6 mm) to ~1" (24 mm) wide

Many compatible apps available[2] — download the Epson® iLabel App and more

Choose your tape or ribbon — cable wraps for wiring; adhesive tapes for organizing; and more

Personalized — easily add symbols and graphics or a handwritten message

You talk, it prints[3] — supports smartphones and tablets with voice to text recognition

Now, it's easier than ever to print customized labels — virtually anywhere — with the LW-600P portable label printer. Print labels from your smartphone, tablet, PC or Mac®. Print date labels for food items, QR code labels, or labels to organize cables. Create ribbons for gifts, or even labels with symbols or handwritten messages. Preview labels before printing. Or, use smartphones with voice recognition[3] to create labels fast. Download the Epson iLabel App for iOS or Android devices or choose from other compatible apps[2] available. With multiple tapes to choose from (up to about ~1" wide) and an automatic cutter, you've got all you need for customized labels on the go.
Create extraordinary labels

Use your mobile device to create handwritten labels, iron-on labels, ribbons and more. Personalize your labels and ribbons with graphics and symbols.

Connect smarter

The battery-operated[1] LW-600P can print wirelessly from iOS and Android devices, via Bluetooth. Simply download the Epson iLabel App or other compatible apps[2]. This compact printer can also print from Windows® and Mac systems via a USB cable.

Wide variety

Get creative with a wide variety of easy-peel adhesive labels. Available in multiple sizes up to about ~1" wide, LabelWorks tapes come in many types and styles, including cable wrap, folder tab, cable and wiring, ribbon, iron-on, and more.

Greater productivity

Reduce waste with shorter lead margin and save time by previewing your label before printing to see it exactly as it would appear. You can even create QR code labels. Or, use smartphones with voice recognition[3] to quickly create customized labels.
